WELCOME GUIDE FOR INCOMING STUDENTS

It contains all important information about a stay at the FH Wien der WKW University of Applied Sciences in Vienna and is available on our website (can be found in the part "Incoming Students").

COURSE OFFER

In general, incoming students may choose among all programmes offered at FHWien der WKW (with minor restrictions). Students are free to select courses from different semesters (winter semester: semester 1, 3 and 5; summer semester: semester 2, 4 and 6). In principal, the degree programmes are taught in German, but there are also courses offered in English. In addition, CIEM offers a variety of courses on a higher BA level in the field of International Management. These courses are exclusively held in English and taught by international experts in the respective field. A Course Guide with a complete list of courses offered in English language will be sent to the student after acceptance.

GERMAN LANGUAGES COURSE

So as to participate in a German Language Course (4 ECTS credits) students need to take a German entry-level test, which will be sent to the student prior to the exchange semester. No additional fees will be charged for the German Language Course.

HOUSING

Accommodation has to be organised by the students themselves. They can either book a room in one of the students' residences like OeAD Housing, ÖJAB, Home4Students, Kolpinghaus... or check the private market for available rooms. Further information can be found in the Welcome Guide. Shortly after the application deadline, we also send out an email with some private offers from our outgoing students, who would like to rent out their rooms during their stay abroad.

ESTIMATED EXPENSES

Per semester – 5 months:

- ▶ Accommodation: ~ EUR 2,000
- ▶ Food: ~ EUR 900
- ▶ Public Transport: ~ EUR 150 for semester ticket
