

Academic. Professional. Creative.

Writing Center

Winter Semester 2019/20
Workshops

ABOUT US

Dear students,

The focus of the Writing Center is to support you in writing your Bachelor's or Master's theses. We offer workshops and advice – in German as well as English – to rouse interest in writing and improve your ability to write solid and professional academic texts.

In our Academic Writing Workshops you will receive useful tips and do practical exercises, so that what you learn can be put into practice right away. The workshops are held by staff who work at the Writing Center, and external writing professionals.

Besides the workshops, we also offer needs-based Individual Consultations for writing projects you are working on. Just send us an email (schreibzentrum@fh-wien.ac.at) to book a session.

All services offered by the Writing Center are free for all students of FHWien der WKW.

We are looking forward to seeing you at our workshops or for an individual writing consultation.

YOUR WRITING CENTER TEAM

— ACADEMIC WRITING WORKSHOPS —

The workshops are offered in English language and are for students who are writing their Bachelor's or Master's theses in English.

How to (re-)write a paragraph

Wednesday, 11 September 2019 | 17:00–19:30

Instructor: Marcela Hubert, BA

An effective paragraph has to be convincing and it has to »flow«. The structure and flow of your main argument plays a key role in achieving this and will be a common theme in this workshop. The first objective is to be aware of the principal patterns to build an argument and the decision process involved. By comparing best and worst practice examples, we will gather key points that make up an effective paragraph. The second objective is to establish which (multilingual) drafting strategies to use. The final objective is to consider revising techniques for your paragraphs, according to quality criteria of academic writing in English.

How to structure a BA and MA thesis

Thursday, 3 October 2019 | 17:00–19:30

Instructor: Marcela Hubert, BA

Structuring and organizing a paper starts early in the writing process. This skill is also required for various text types during your studies – research proposal, outline, table of contents, and the paper itself. In this workshop we aim to answer FAQs: What are typically the parts of most BA and MA theses? What is the function of each part? Finally, we will look at what parts your paper needs to contain and how you can find the »right order« of these parts. You will be able to outline a first version of your paper or revise your existing structure.

WRITING CENTER

We offer (in German and English language)

- ▶ Individual Writing Consultations
in person and/or online
- ▶ Various Workshops and Events for academic,
professional and creative writing
