

Alumna/Alumnus of the year

With the "Alumna/Alumnus of the year" award, FHWien der WKW honors its graduates for special achievements and career paths. With this award we would like to highlight our alumni and show them what special value they have for their former university.

Graduates are either nominated for the award by their former study program or they can nominate themselves.

A jury will select three finalists based on the application documents. The finalists will be announced via the website and social media channels.

These three candidates will have the opportunity to present themselves at the Alumni Night on September 24 or in an online event. The winner will be determined by public voting.

You will find all information for your application on the following pages.
